THIRD YEAR SAVE MART TO OFFER FREE ANTIBIOTIC FOR PATIENTS

Modesto, CA (October 26, 2006) - Save Mart and S-Mart Foods' Pharmacies are offering FREE Amoxicillin with a doctor's prescription for ALL patients during the months of October through March. Save Mart started this program three years ago, recognizing early the need to help families with higher prescription costs. The Free Amoxicillin program has helped over 35,000 patients the past two years, saving them dollars and protecting their health.

"We selected Amoxicillin because it is a very effective antibiotic and most commonly prescribed by doctors for children and adults with bacterial infections. During the winter months it is common for viral infections to progress into secondary bacterial infections in the ear, nose, and chest. We care about the families in our communities and continually strive to keep them healthy," states Michele Snider, Save Mart's Pharmacy Director.

See your local, friendly Save Mart or S-Mart Food's Pharmacist for more information on this valuable, cost saving program. Some restrictions do apply and it is not valid with other offers.

Save Mart reminds you to visit our Pharmacies on selected dates in October and November to get your Flu Shot and prevent the onset of illness this flu season. Visit www.SaveMart.com for a Flu Shot Clinic near you.

Remember it's **Your Life. Your Town. Your Store. Save Mart Supermarkets**

Save Mart Supermarkets was founded January 17, 1952 in Modesto. The privately owned company operates 124 stores throughout the Central Valley from its headquarters in Modesto. Seventy-five (75) stores operate as Save Mart; five (5) stores as S-Mart Foods in Stockton and Lodi; and forty-four (44) warehouse stores as FoodMaxx.
